K-2 Bee Farm Incursion

Dear Parents/Guardians

Next week, K-2 students will be participating in a Bee Farm Incursion. Students are currently learning about living things in their science units and this incursion has been arranged to enhance their understanding in this area.

Details are as follows:

When: Monday 4th September 2023 (Term 3, Week 8)
Time: 9:20 to 1:35 with regular lunch break
Venue: Como West Public School
Cost: Free

Students will participate in a number of group rotations throughout the day with an allocated educator for each group.

Rotation Overview

Rotation 1:

A Biodiversity Quest involving looking around the school grounds for animals in their habitat and sharing findings with the group.

Rotation 2:

Planting new garden spaces and looking at features of plants that attract pollinators.

Rotation 3:

Making observations and taking photos of plants and pollinators in the gardens.

Rotation 4:

Making blue banded bee homes with soil and clay and placing them in the garden.

This should be a fun and informative learning experience for the students.

We are looking forward to it!

Miss Buckley
